October 2018

Dear Colleague:

Government Finance Officers Association (GFOA) is thrilled to provide its 2019 Scholarships for students interested in pursuing a career in state, local, and provincial government finance. As an organization that represents nearly 20,000 state, local, and provincial government finance officers, we believe it is critical to provide support for students who are passionate about their future careers in public service.

We know our members consistently work with students, both first-time and returning, who have an interest in public finance. It is our hope that you may assist us in providing the enclosed scholarship information to both current and prospective students. Any student interested in state, local, and provincial government finance, public service, governmental accounting, or public administration is strongly encouraged to apply.

Scholarship recipients will gain access to GFOA's many resources, including conferences and professional development trainings, publications and newsletters, and an invaluable network of public finance professionals. Our goal is to create career-long connections with our scholarship recipients and facilitate connections between recipients and our members.

All of our scholarship information, including applications, may be found on our website at [www.gfoa.org/scholarships](http://www.gfoa.org/scholarships).

We look forward to selecting another cohort of distinguished students in government finance!

Sincerely,

A handwritten signature in black ink that reads "Christopher P. Morrill". The signature is written in a cursive style.

Chris Morrill  
Executive Director/CEO
